

NEW HAVEN ROARS ITS WELCOME TO MR. BRYAN

Connecticut City Closes Factories and Shops
and the Public Joins in a Great
Ovation.

NEW HAVEN, Conn., Aug. 31.—One discord crept into the great Bryan demonstration this afternoon and it jarred the prevalent harmony pretty severely. Former Gov. Garvin, of Rhode Island, was scheduled to make a speech at the meeting on the Green. He did speak there and delivered the one word for word, which the committee had taboored. He declared that his language could not be expurgated or abridged.

Great Day for Bryan.
New Haven wore holiday dress for the big meeting. Every store and every factory in the city closed at noon and the whole town turned out.

Trains from the east and west and today from all directions brought in their human burdens all morning and hours before the mass-meeting the local green was jammed with a surging mass of restless men, women and children, pushing and jostling furiously in vain endeavors to get near the stand from which the returned traveler had to speak.

The first stop of Mr. Bryan's train was at a momentary halt at the station. It was fifteen minutes behind its scheduled time. A crowd of many hundreds of people had gathered there.

Mr. Bryan was greeted by a cheering throng of people. He was met by a crowd of people who were waiting for him. He was met by a crowd of people who were waiting for him.

Gov. Folk, of Missouri, Who Raps Jerome Because the Insurance Thieves Are Still at Large

(Specially Posed for an Evening World Photographer at the Hotel Gotham To-Day.)

"I entertain the highest respect for Mr. Bryan's opinions. Whatever he says is entitled to careful consideration, but I doubt if the people of Missouri would ever vote to bond the State for the millions necessary to buy the railroads within the State boundaries."

FOLK RAPS JEROME BECAUSE INSURANCE THIEVES ARE FREE

"Old Misso" Would Send Those Who Juggled Trust Funds to Jail as Embezzlers, He Says.

Gov. Joseph K. Folk, of Missouri, who in a public position in St. Louis corresponding to that of District Attorney Jerome, in New York, exerted the same zeal in the prosecution of rich crooks and bootleggers as in sending obscure criminals to jail, told The Evening World to-day that the revelations of life insurance crookedness brought out in the Armstrong investigation will cut a commanding figure in the next national campaign.

Incidentally he cast a padded rock at William Jennings Bryan's idea of Federal and State ownership and operation of railroads.

When Gov. Folk was Circuit Attorney of St. Louis he so endeared himself to the people of the State of Missouri that they made him their chief executive officer. He went after crooks and thieves.

Folk says that directors of life insurance companies who divert the funds of the policyholders to political parties are guilty of embezzlement.

On the question of Government ownership and control of railroads Gov. Folk speaks from the experience of the people of Missouri. He does not wish to be considered as seeking to assail the position of Mr. Bryan, but sets forth a line of facts as his argument.

He was interviewed by an Evening World reporter at the Hotel Gotham, the headquarters of the Missouri delegation that came to New York to welcome Bryan.

Missouri's Little Experience.
"I am a great admirer of Mr. Bryan," said Gov. Folk to The Evening World reporter. "I entertain the highest respect for his opinions. Whatever he says is entitled to careful consideration."

But the question of Government ownership of railroads is one of great importance and cannot be considered offhand.

"This Missouri had any experience with railroads which might serve as a guide in formulating an opinion on State ownership," asked the reporter.

"The time may come," replied Gov. Folk, slowly, "when it will be feasible for the National Government to own and operate the railroads of the country. I doubt very much, however, if the people of Missouri will ever vote to bond the State for the sum of from \$100,000,000 to \$200,000,000 necessary to buy the railroads within the State boundaries."

How State Lost Millions.
"To testify itself against the State took a loss on the railroad line. All of the roads defaulted in their payments except the Hannibal & St. Joseph. The lines were foreclosed and the railroads were bought in for the State."

Commissioners were appointed and authorized to sell the roads. The result of the sale was that the State lost out about \$1,000,000 behind.

But of this loss was accomplished by shaming fraud and corruption. The Commissioners were authorized to sell the roads to certain parties, and the result was that the State lost out about \$1,000,000 behind.

A report is on file in the...

"In Missouri if the directors of a life insurance company were to take trust funds and give them to a political party or any one else but the true owners we would call the crime embezzlement. They had no more right to give such funds to a political party than they had to contribute them to the Boxers in China."

U. S. TRANSPORT STRIKES ON A CORAL REEF

Sheridan Aground at
Dangerous Point Near
Honolulu.

HONOLULU, Aug. 31.—United States army transport Sheridan is ashore on Barber's Point, the southwestern extremity of the island of Oahu, on which Honolulu is located. She is fast on a coral reef.

The Sheridan went ashore at 4 o'clock this morning. All efforts to send boats ashore from her thus far have been unsuccessful. There is no beach at the place where she struck and the heavy surf makes it impossible to land any where near where she lies.

As even from the shore she appears to be hung amphisbally and her rolling is noticeable. She lies broadside to the shore, her bow pointing toward Honolulu.

The tug Fearless has started for the scene. The tug Fearless has started for the scene. The tug Fearless has started for the scene.

WASHINGTON, Aug. 31.—The transport Sheridan, which is ashore on Barber's Point, Island of Oahu, Hawaii, is not expected to be raised.

She is commanded by Capt. Peabody and the Quartermaster in charge is Capt. Frank J. Morrow.

What is the result of recent disclosures do they show that the people are growing better or worse? was asked of the Governor in conclusion.

"That the world is growing better every day is my firm conviction," he said.

The disclosures you speak of are evidence of a moral regeneration and not a moral degeneration."

BIG ASSESSMENT INCREASE.
CHICAGO, Aug. 31.—Cook County assessment of personal property amounts to \$1,700,000, full value, \$1,400,000, assessed value, the largest ever recorded for Cook County.

SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh
—Tried Different Physicians and
All Kinds of Ointments—Could
Walk Only With Crutches—Ohio
Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble."

"It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6; but the doctors' bills were more like \$600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

Grandfather's Cure for Constipation

REAT medicine,—"the Sewbuck." Two hours a day sewing wood will keep anyone's Sewbuck regular. No need of pills. Cathartics, Castor Oil, nor "Physic," if you'll only work the Sewbuck regularly.

Exercise is Nature's Cure for Constipation and,—"a Ten-Mile walk will do, if you haven't got a wood-pile."

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,—"there's only one kind of Artificial Exercise for the Bowels and its name is 'CASCARETS.'"

Cascarets are the only means to exercise the Bowel Muscles without work.

They don't Purge, Grip, nor "upset your Stomach," because they don't act like "Physic."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Tablets always do.

No—Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

A Cascaret acts on your Bowel Muscles as if you had just saved a cord of wood, or walked ten miles.

Cascarets move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

The thin, flat, Ten-Cent Box is made to fit your pocket, or "My Lady's" Purse. Druggists—) Cents a Box.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
